Dear Tina,

I hope this finds you well. I write in regard to the fundraising dinner for a multipurpose Hall for Bishop girls Secondary School, which my father spoke to Mr. Sudhir about and to which he so graciously offered to donate 10million shillings towards. It is scheduled to take place tomorrow, Thursday 30th November 2023. I have attached a letter from the chair board of directors as requested.

The account details as to where the donation would be deposited is as follows;

RE: SUPPORT TOWARDS THE CONSTRUCTION OF A MAIN HALL AT BISHOPS' GIRLS SCHOOL, RUSHERE.

Dear Sir,

I hope this message finds you well.

I am writing to share an exciting development at Bishops' Girls School (BGS) in Rushere. We are embarking on a project to construct a new 1000-seat multipurpose hall. This facility is envisioned to be a versatile and secure space that will enrich the educational experiences of our students. It will offer a variety of extracurricular activities, providing a welcoming space for young girls in the community to come together, learn new skills, and develop in many ways.

As a valued supporter of education for girls, we are reaching out to seek your support for this important project. Attached, you will find a concept note that provides more details about what we are planning to do.

If you have any questions or need more information, please don't hesitate to contact us. Your support is not just a contribution to a building; it is an investment in the future of our students and a significant step towards empowering the next generation of young women. We sincerely appreciate your consideration of our request and look forward to the possibility of your involvement in this transformative endeavour.

Thank you for your time and for considering our request.

Warm regards,

"Okutiina Mukama Nibwo Bwengye"

AUDITORIUM FOR UNLOCKING THE POTENTIAL OF THE GIRL CHILD IN KIHURURA & KAZO DISTRICTS

Overview:

We are making history in Kiruhura and Kazo districts! With a combined population of 328,544, comprising 165,268 men and 163,278 women (*UBOS Census, 2014*), these districts have long faced challenges in addressing the specific needs of the girl child. Until recently, high rates of early girl marriages (21% in 2018), significant school dropouts (18.5%), and other concerning metrics signalled a crisis in the potential of the girl child in these areas.

Then Change Happened:

In 2018, the North Ankole Diocese pioneered a transformative initiative. By introducing the girls-only Bishops' Girls School (BGS) in Rushere, built on biblical principles of integrity and accountability, we have significantly reduced early marriages to 11.5%, decreased the cost of girl child education by half, and slashed school dropouts to 8.5%. Today, approximately 400 girls have been empowered to envisage a future that once seemed unattainable.

Our goal is to extend this opportunity to over 5000 girls within the next five years.

What is the Next Step?

Having laid this foundation, we've identified a **critical need: a space for the girls to develop and showcase their talents beyond academic achievements**. To address this, **we plan to build a 1000-seat auditorium**. This facility will be a hub for talent displays, school plays, musical performances, debates, lectures and many various co-curricular events - a vital component in nurturing well-rounded individuals.

Your involvement in this groundbreaking endeavour is invaluable.

What Will This Take?

This project is estimated to cost Nine Hundred Million Uganda shillings (Ushs. 900,000,000=). We invite your support in any capacity, as detailed in the attached budget.

How We Intend to Honour Your Generosity:

- Inclusion of your name or institution on our Wall of Support.
- Recognition of your organisation in both digital and print media as a key partner.
- A trophy to commemorate your contribution to empowering the girl child.
- An opportunity to align your brand with significant figures from Kiruhura and Kazo who actively support this cause.

We are excited about the possibility of partnering with you in this noble venture and eagerly anticipate your positive response.

Thank you.

PROPOSED CONSTRUCTION OF A MULTI-PURPOSE HALL AT BISHOPS' GIRLS SCHOOL, RUSHERE.

1. PROJECT BACKGROUND

1.1 Overview

Since its inception in 2018 by the North Ankole Diocese, Bishops' Girls School (BGS) has become a symbol of educational progress, offering comprehensive O and A-level programs in arts and sciences. As a fully-fledged boarding school guided by the Church's vision, BGS is dedicated to empowering the girl child for personal and national development. Serving Kiruhura, Kazo, and surrounding areas, the school has enrolled approximately 400 girls, significantly reducing early marriages and educational costs. Our mission is to further this empowerment by providing an optimal learning environment, including the proposed construction of a multi-purpose hall to accommodate the growing number of students and serve as a venue for extracurricular activities and community events.

1.2 Problem Statement

BGS faces a challenge with insufficient space to accommodate its expanding student population, now around 400. This lack of space limits learning opportunities, restricts entertainment options, and negatively impacts student performance. Addressing these issues promptly is crucial for enhancing the school's ability to deliver quality education and maintain effective operations.

1.3 Proposed Solution

To combat these challenges, BGS management plans to construct an eco-friendly multi-purpose hall, providing essential space for the school community.

2. PROJECT DESCRIPTION

2.1 Title of the Project Activity

Email: office@bishopsgirls.ac.ug

2.2 Description of the Project Activity

The BGS Multi-Purpose Hall Project is an ambitious effort to transform the school into a leading educational institution. This project will create additional space for students to engage in co-curricular activities, helping to reduce early marriages and school dropouts.

2.3 Project Participants

- Bishops' Girls School: As the project owner, BGS will oversee and ensure the project's successful completion as the Project Owner.
- Investors and Funding Partners: We are seeking financial support from the community, corporations, government agencies, and philanthropists.
- Local Suppliers and Contractors: We are engaging with contractors and suppliers for services like engineering, procurement, and construction. Collaboration among these stakeholders is key to the project's success.

2.4 Project Development Objective

The goal is to develop BGS into a spacious educational centre in southwestern Uganda, including infrastructure like the multi-purpose hall to increase student capacity.

2.5 Project Components

2.5.1 Component I: Constructing the Multi-Purpose Hall: This entails building a well-ventilated, structurally sound hall.

2.5.2 Component II: Furnishing and Equipping: This phase involves setting up utilities, a sound system, and acquiring furniture.

2.6 Technical Description of the Project Activity

The project will be located at BGS-Rushere in the Kiruhura District, southwestern Uganda.

2.7 Project Cost and Financing

The total estimated cost is UGX 1 Billion (One Billion Uganda Shillings), funded through donations and contributions. Detailed BOQs will be provided later.

2.8 Impact/Benefits of the Project Activity

The construction will benefit the local economy, create jobs, and provide a versatile space for the school and community for transformative programs.

2.9 Key Performance Indicators (KPIs)

Success will be measured by increased student enrollment, improved academic performance, talent development, and positive community impact.

3. PROJECT MANAGEMENT TEAM

The BGS management team comprises skilled professionals committed to revolutionizing education through strategic infrastructure development, nurturing talent, upholding cultural values, and advancing girls' education.
