Our Ref:

Dear Parent/Guardian,

RE: END OF TERM III PARENTS' CIRCULAR

GREETINGS: As we close yet another successful term and the academic year normally, we hope this communication finds you healthy and strong. We are thankful to the almighty God for His providence, guidance, and blessings through the rigorous speculative activities accomplished so proficiently.

ACADEMICS: The Academy has endeavored to shape the learners with the necessary values and academic content as required for the term. All learners have been fully assessed, evaluated and given the end-of-term report cards. Please study the report and discuss the performance with them to seek an appropriate way forward with the school for those who need assistance. Be aware that some learners hide their reports due to their poor performance.

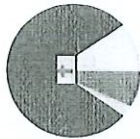

We congratulate our Candidates for completing their final UNEB exams successfully. Special gratitude to the Caltec Staff for preparing them splendidly well. Prayers are still essential to achieve viable results soon.

The S.4 learners have completed their planning and implementation levels concerning their project work. They should report next term with the project report and work to be assessed by their supervisors. We also encourage you to equip all learners with the necessary scholastic materials like calculators, geometry sets, and relevant books to help them in their academic advancement.

We thank the parents who supported their children in the different academic programs like seminars and study tours that were carried out; for S.2 (Entebbe Metrological Center), S.3 (Ggaba water plant), and S.5 Geography class (Jinja). Similarly, S.4 will have a Geography tour on 22/02/2025 at Metrological Center and Uganda Wildlife Education Center Entebbe at a fee of 30,000/=.

STUDENTS' DISCIPLINE: Discipline is the most important personality trait in everyone's life. (Proverbs; 10:17) "Whoever heeds discipline shows the way to life but whoever ignores correction leads others astray". A few undisciplined learners have been carefully dealt with to impact moral values in them. It is also observed that some learners pick bad habits during the holiday when they are not guided or monitored accordingly. It's our prayer that we work together on this noble cause. Consequently, some of you parents will be invited to school during this holiday, to help some learners before they go astray.

HEALTH: Of late, some learners have picked flue and cough, malaria, typhoid, UTIs and Sydenham's dance. St. Vitus dance which is a psychological defect. Our nurses have done their part and have had referrals as usual where they couldn't manage, especially those chronic illnesses which were never notified to us.
